Portfolio Information

Personal information

ME: - **Decision-maker**

Problem owner

Execution leader

Business + Tech bridge

1) Hero / Intro (About me — ready text)

Headline (short):
Aryan Samir Mejari — AI · ML & Data Science Enthusiast · Web & App Developer and a Professional Cybersecurity Analyst.

Hero paragraph (2–3 lines):
I'm Aryan Samir Mejari, a Computer Science & Engineering student with a deep interest in machine learning, web development, and applied data science. I build predictive systems (stocks/forex/crypto), interactive web tools, and ML prototypes that turn data into actionable products.

Ambition / Motivation (1 short paragraph):
My goal is to combine strong fundamentals in algorithms and networking with practical ML engineering to build robust, production-ready intelligent systems — from data cleaning and modeling to deployment and visualization. I love turning complex data into intuitive user experiences.

Aspiring Product & Project Manager | Driving Ideas from Concept to Execution

or

Product-Oriented Technologist | Bridging Business Vision & Engineering Execution

or

Future Product Manager with Strong Technical Execution & Data-Driven Thinking

2. Skills, Knowledge and Intrests.

Core Managerial Skills

- Product Thinking & Requirement Analysis
- Project Planning & Execution
- Stakeholder Communication
- Risk Identification & Mitigation
- Data-Driven Decision Making
- Agile & SDLC Understanding

Programming & Languages

- **Python** — Proficient (use for ML, scripting, automation).

myresume2

- **C / C++** — Intermediate.

myresume2

- **Java / C# / VB.net** — Familiar / Intermediate.

myresume2

- **JavaScript / HTML / CSS** — Proficient (web front-end basics).

myresume2

Frameworks & Libraries

- **PyTorch, TensorFlow** — ML frameworks (Intermediate).

myresume2

- **Flask, Vue** — Web apps / front-end (Intermediate).

myresume2

- **Pandas / NumPy / Matplotlib / Seaborn** — Data processing & viz (Proficient).

myresume2

- **MERN** Stack – All js web development for highly interactive and responsive , coustomized websites.

Tools & Platforms

- Git / GitHub — Proficient.

myresume2

- AWS / Azure — Familiar (cloud exposure).

myresume2

- Tableau / Power BI — Data dashboards (Familiar).

myresume2

- Linux / Unix / Jenkins / Jira — Dev tooling (Familiar).

myresume2

Databases & Interests

- PostgreSQL / MySQL / Oracle — Basic to Intermediate.
- Professional Experience : NLP, Computer Vision (CV), Generative AI, Agentic AI development, Computer Networking, Cybersecurity auditing.

3 Education :

Swami Vivekanand International School — SSC (10th)

Jun 2009 – May 2022 — 93%, Borivali west, Mumbai, India.

 Achieved strong academic performance with consistent results across core subjects

 Demonstrated early aptitude for logical thinking, mathematics, and analytical problem-solving

 Developed discipline, time management, and learning habits that supported long-term academic excellence

Thakur Polytechnic – Diploma in Computer Science and Engineering

Sept 2022 – may 2025 Score: 94.5% Equivalent to 10+ GPA Kandivali east, Mumbai, India.

- **First Rank Holder for three consecutive academic years**, demonstrating consistency, discipline, and execution excellence
- Recognized for strong problem-solving abilities and structured approach to technical challenges
- Led and executed multiple end-to-end academic and real-world projects, balancing deadlines and quality outcomes

- Built a solid foundation in programming, databases, networking, and applied machine learning

Fr Conceicao Rodrigues college of Engineering (Mumbai University) – B Tech in Computer Science and Engineering

Aug 2025 – May 2028 Current Score: 9.5 GPA Bandra, Mumbai, India

 Consistently maintaining a high academic performance while managing multiple technical and research-oriented projects

 Strong foundation in system design, data structures, machine learning, and software engineering principles

 Actively applying classroom concepts to real-world projects, focusing on scalability, performance, and user impact

 Developing leadership and analytical thinking essential for product planning and project execution

Experience

Machine Learning & Data Science Intern — *Glimpse Edutech* *jun 2024 – jul 2024*

• Collaborated on multiple ML-based projects by converting business problems into technical requirements
• Planned project workflows including data collection, preprocessing, model selection, and evaluation
• Coordinated task execution and optimized pipelines, resulting in ~25% improvement in model accuracy
• Presented project outcomes with visual insights to improve understanding and decision-making.

Projects:

1. Euclid – Finance Predictor Software Stocks/Forex/Crypto Price predictions.

Built deep learning pipeline (LSTM/RNN) with NLP + LangChain + Neo4j for finance context; reported ~85% detection accuracy; anomaly detection flagged potential moves (90% precision in tests). *Tech:* LSTM, RNN, LangChain, Neo4j, Python.

2. Air Draw – Visual Drawing Platform

Gesture-based drawing using pyautogui, OpenCV; educational/fun drawing tool. *Tech:* OpenCV, VGG16, PaddleOCR, Streamlit.

3. AI based ATS System to Test and analyze the selection criteria of a resume for a particular job listing providing suggestions and improvements, improving selection rate upto more than 90% for all test resumes.

4. Poke-Mart:- a State of the Art indigenious pokemon card trading and selling website specially development for pokemon enthusiast and collectors based in india, providing seamless trading, selling and delivery of pokemon cards.

5. Expression Recognition System
6. ISIRP – International Scientific and Innovative research publication
7. Needs&Solutions Freelancing company providing tech solutions to business owners in 9 different services.
8. Ultra Mario:- guesture controlled super mario game.
9. Machine failure Detection application
10. House Price Predictions application based for Mumbai
11. Cricket Score and performance Predicator Website useful for developing teams in applications like Dream 11, my11 circle etc to gain maximum points

12. RadarReview :- Browser extension based AI product analysis model for online products.

13. Cyber Agent:- A browser based ai agent which performs automated review of websites for detecting any dark patterns in the websites and provide a good analysis to the user about it.

Achivements

1. 1st ranker in academic 2022-2023.
2. 1st ranker in academic 2023-2024.
3. 1st ranker in academic 2024-2025.
4. Best Outgoing Student from Thakur polytechnic 2025
5. 1st Runner up Model making competition 2025
6. 1st Runner up Pitch Room competition 2023
7. Attended "Youth Leadership and Career Development"
   organized by Ratan Tata Maharashtra State Skills University (RT-MSSU) 2025
8. Participated in GameCraft Competition of Vortex 2025
9. Participated in Unstop Talent Park Competition 2025
10. Participated in Code Master Competition Tantra Utsav 2024
11. Participated in Circuit Mosaic competition of IIC(Institution’s innovation council) 2024
12. Participated in Cyber War competition TechnoUtsav 2024
13. Participated in Web Designing competition TechnoUtsav 2024
14. Participated in Blind Scripting competition TechnoUtsav 2024
15. Participated in Extempore Competition 2024
16. Participated in Thakur Polytechnic Internal hackathon 2024
17. Participated in ByteQuest Technical Quiz Competition 2024
18. Participated in code hunt competition of Spectrum 2.0 2023

19. Participated in Circuit Mosaic competition of IIC(Institution's innovation council) 2023
20. Participated in Model making competition of ISTE(Indian Society for Technical Education) 2023
21. Participated in State Level General Quiz Competition of Tantra Utsav 2023
22. Participated in State Level Debate Competition of Tantra utsav 2023
23. Participated in Poster Making Competition of ISTE 2023
24. Participated in General Quiz Competition of ISTE 2023
25. Participated in General Quiz Competition of ISTE 2022

Certifications & Badges

1. Introduction_to_Cybersecurity_Badge20240809-6-17j805
2. Networking_Basics_Badge20240809-8-4ltu0y
3. Networking_Devices_and_Initial_Configuration_Badge20240809-7-1q8cv2
4. Cyber_Threat_Management_Badge
5. Network_Defense_Badge20240809-7-r4snts
6. Endpoint_Security_Badge20240809-7-rz4s3r

Research paper & Publications

1. A Multi-Agent AI System for Real-Time Detection and Classification of Dark Patterns on Live Webpages.
